Stage Technology Connector Strip (With Single Pipe Hangers)

Stage Technology supplies UL-Listed connector strips, connector boxes, and grid boxes in any configuration you require. Our knowledgeable staff is always available to discuss the electrical distribution needs of your particular application. We are happy to help you to determine what product will meet your electrical specifications.

Devices are supplied with the length, circuit quantity, connector type, and hanging bracket of your choice. Connectors may be flush mounted or wired to pigtails. Circuits can be provided in any combination of 20, 30, 50, 60, or 100 Amp ratings.

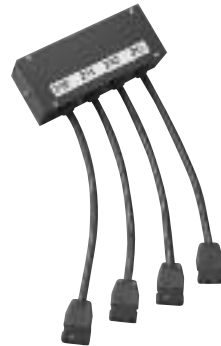

Each device contains a compartment with labeled terminals for feed connection. Removable covers provide easy access to internal wiring. Hanging brackets for single pipe, double pipe, or wall mounted applications are provided with connector strips. Connector boxes are available in surface mount, flush mount, pipe mount, and floor pocket styles. Multi-circuit drop boxes are also available.

Grid Iron Junction Box

Plug-in Box Flush Receptical

Plug-in Box with Pigtails

Molded Two-fer

Lex E-String

## ELECTRICAL CABLES

Stage Technology provides heavy-duty extension cables manufactured with the highest quality parts available. All cables are made of 12 gauge 3 conductor SO rubber cable with your choice of Stage Pin, Edison, or Twist-Lock connectors.

## LEX E-STRING EXTENSION CORDS

Lex's E-String Multi Outlet Extension Cord is the most convenient and economical way to provide multiple outlets. There are two configurations: six 20 amp 120 volt outlets in a 50' extension and three 15 amp 120 volt outlets in a 25' extension (maximum outlets allowed by NEC). Each outlet is evenly spaced and has a LED for easily locating it in the dark.

PART #	DESCRIPTION	PRICE
